ABOUT THE ONE PERCENT CLUB

The One Percent Club is a community-driven initiative dedicated to intellectual excellence, leadership, and competitive success. With a strong emphasis on UPSC and other competitive exams, the club provides aspirants with a structured platform for rigorous preparation, critical discussions, and strategic learning.

Through mock tests, quizzes, debates, and mentorship programs, we create an environment that nurtures analytical thinking and informed decision-making. Our flagship events, including Youth Parliament, Civil Services Mock Exams, and National-level Quiz Competitions, are designed to enhance knowledge, confidence, and problem-solving skills.

At its core, **The One Percent Club** is more than just a study group; it's a movement to cultivate visionaries, changemakers, and future leaders. Our goal is to empower individuals with the right mindset, resources, and network to be among the top one percent in their chosen fields.

WORDS FROM THE CONVENOR

It gives me immense pleasure to welcome you to I-ACE 4.0, the fourth edition of the annual Youth Parliament organized by The One Percent Club, Civil Services Society, Banaras Hindu University.

Over the years, the Club has fostered an intellectual environment through initiatives such as IAS Talks, UPSC Mock Tests, National-Level Quizzes, Essay and Debate Competitions, Current Affairs Discussions, and Answer-Writing Initiatives.

Youth Parliament is not merely a competition; it is a laboratory of democracy, where young minds learn to research, reason, communicate, negotiate, and collaborate. As a faculty member from the field of science, I believe that the challenges of modern governance demand an interdisciplinary outlook, bringing together science, technology, economics, environment, healthcare, ethics, and society.

I encourage every delegate to participate not merely to win, but to challenge perspectives, broaden understanding, and discover their potential to lead.

May I-ACE 4.0 mark another milestone in our journey of empowering young minds and inspiring future policymakers, civil servants, diplomats, and changemakers.
